The Company

Welcome to the new chapter of ManaMed, where pioneering orthopedic solutions meet the spirit of "Recovery Activated," driving us to the forefront of patient care and mobility. Our comprehensive product portfolio, spanning vascular therapies, assisted mobility, and DVT prevention, is designed to streamline the rehabilitation process for those eager to reclaim their active lifestyles. Our unwavering commitment to innovation keeps us constantly exploring, learning, and pushing the boundaries of what's possible in orthopedic care.

Central to our achievements are the significant partnerships we've nurtured within the industry, enhancing the level of care and offering products that expedite the return to normalcy for patients. Highlighting this is our esteemed collaboration with the UFC Performance Institute, ensuring that UFC athletes have access to the highest quality orthopedic braces, soft goods, and essential stabilizing equipment like crutches, knee braces, and walking boots. Similarly, our dedication to our distributor network—a robust community committed to excellence—reflects our ongoing investment in manufacturing, quality control, and customer service excellence.

Our rebranding transcends the visual aspects to embody our deepened pledge to not only meet but exceed the expectations of our clients and their patients. As ManaMed continues to expand, we remain your steadfast ally in orthopedic recovery, always ready to face new challenges with creative solutions. This journey is not just about us; it's about fostering enduring connections with our customers, who are the heart and soul of our company. Our success is deeply rooted in our ability to truly understand and satisfy our customers' needs. When you partner with ManaMed, you become an integral part of a mission dedicated to promoting healthier, happier lives.

At ManaMed, we believe that our customers are the heart and soul of our company. Our mission is to design, develop, and distribute orthopedic solutions that keep active, high-performing individuals in the game and back on track following injury or surgery. Our extensive catalog includes vascular and electrotherapies, assisted mobility, electrical stimulation, and DVT prevention products. By partnering with orthopedists, physical therapists, surgeons, and DME companies across the US, we ensure that patients of all ages and backgrounds remain healthy and comfortable on their path to recovery. When you choose us, you're not just a customer – you're part of our mission to help people live healthier, happier lives.

Online Ordering Portal

Our one stop shop for ordering, paying invoices, and tracking orders.

View your order history and create ordering templates for easy reordering. Quickly pay invoices via ACH, credit card, or apply your credit memos.

Contact us at manamed.com/become-a-customer and we will get you set up.

Custom Logo Program

Add your logo to the products you order on our portal to create better brand visibility. We keep an inventory of your logos and work with you to keep them in stock.

We use stickers for hard goods and heat transfers for soft goods in three different sizes to match our various products.

Available for most products, contact us at logoprogram@manamed.com for more information.

PlasmaFlow®

PlasmaFlow®

The PlasmaFlow is intended to be an easy to use sequential compression system prescribed by a physician. For use in the home or clinical setting to help prevent the onset of DVT in patients, by stimulating blood flow in the extremities by simulating muscle contractions. This device is used to aid in preventing DVT by enhancing blood circulation, diminishing post-operative pain and swelling, and enhancing wound healing.

Features:

- Long-lasting rechargeable battery. Up to 10 hours of use on one charge
- 2 Modes: Continuous inflation and Step-Up inflation technology which allows the unit to increase pressure in slower increments to 55mmHG
- 2 LCD screens to monitor usage and pressure
- Portable, lightweight, and tubeless
- Suggested HCPC: E0676

Product Name	Part Number
PlasmaFlow DVT	PF0001
PlasmaFlow Extension Sleeves	PFEXT
PlasmaFlow Charger	PFCHG
PlasmaFlow Hospital Charger	PFHCHG

PlasmaFlight®

PlasmaFlight®

The PlasmaFlight® has been approved by the FDA as an over-the-counter portable inflatable massage system that simulates the kneading and stroking of tissue with the hands by use of an inflatable cuff. This device is used for increasing blood circulation in the treated areas, as well as relief of minor muscle aches and pains.

Features:

- Pump will inflate each leg cuff to pre-set pressure of 55mmHG and releases once that pressure is reached
- Visual display shows hourly usage, mode, and pressure level
- Electronically controlled pumps compress the calf or calves to aid in blood flow in the lower extremity
- Internal rechargeable battery and cordless design allow for ease of placement and patient mobility
- Suggested HCPC: E0676

Product Name	Part Number
PlasmaFlight	PFLIGHT01

PlasmaWave®

PlasmaWave®

The PlasmaWave is a game-changing clinical grade pneumatic SCD device used in the home or clinical setting. It has a market-leading 25+ hour battery.

Features:

- Over 8 feet of reusable tubing
- 25+ hour battery
- Sleeve options include both reusable or disposable
- Convenient bed rack also available
- 4 Unique pressure modes which allows the unit to increase pressure in slower increments
- 1 LCD screen to monitor usage, pressure, and battery life
- Lightweight
- Suggested HCPC: E0676

Compression Sleeve Barrier

ManaEZ® Compression Sock

ManaEZ Compression Sock

The ManaEZ Compression sock is a quick fitting, sized sock that uses a gradient descent compression design. The sock is made with breathable nylon/spandex material that is quick-drying and has enhanced air circulation and odor fighting properties.

- Latex free
- Unique 3D stereoscopic pattern design that enhances shock absorption
- Machine washable with cold water
- Suggested HCPC: A6530

Product Name	Part Number
ManaEZ Compression Sock Medium	EZSOCK01M
ManaEZ Compression Sock Large	EZSOCK01L
ManaEZ Compression Sock Extra Large	EZSOCK01XL

ManaFlow® 51

ManaFlow® 51 (Uncalibrated)

The ManaFlow 51 provides a preset 50 mmHG in each of the four chambers in our tubeless pneumatic compression device used to treat lymphedema or aid in the prevention of DVT.

Features:

- Rechargeable battery takes 3 hours to charge, 8-hour use on a single charge, can be used while plugged in
- Compliance meter shows use, pressure, and chamber
- Gradient compression
- Easy-to-clean material
- Suggested HCPC: E0651 and E0669

Product Name	Part Number
ManaFlow 51 (Uncalibrated)	MFLOW51
ManaFlow 51/52 Extenders	MFLOWEXT

ManaFlow® 51 Full

ManaFlow® 51 Full (Uncalibrated)

The ManaFlow 51 Full provides a preset 50 mmHG in each of the four-chambers in our tubeless pneumatic compression device used to treat lymphedema or aid in the prevention of DVT. Our full version extends from the top of the thigh to the foot.

Features:

- Rechargeable battery takes 3 hours to charge, 8-hour use on a single charge, can be used while plugged in
- Compliance meter shows use, pressure, and chamber
- Gradient compression
- Easy-to-clean material
- Suggested HCPC: E0651 and E0667

Product Name	Part Number
ManaFlow 51 Full (Uncalibrated)	MFLOW51LEG

ManaFlow® 52

ManaFlow® 52 (Calibrated)

The ManaFlow 52 allows the clinician to calibrate the pressure of our four-chamber tubeless pneumatic compression device, used to treat lymphedema or aid in the prevention of DVT.

Features:

- Rechargeable battery takes 3 hours to charge, 8-hour use on a single charge, can be used while plugged in
- Compliance meter shows use, pressure, and chamber
- Gradient compression
- Easy-to-clean material
- Suggested HCPC: E0652 and E0669

Product Name	Part Number
ManaFlow 52 (Calibrated)	MFLOW52
ManaFlow 51/52 Extenders	MFLOWEXT

ManaFlow® 52 Full

ManaFlow® 52 Full (Calibrated)

The ManaFlow 52 Full allows the clinician to calibrate the pressure of our four-chamber tubeless pneumatic compression device, used to treat lymphedema or aid in the prevention of DVT. Our full version extends from the top of the thigh to the foot.

Features:

- Rechargeable battery takes 3 hours to charge, 8-hour use on a single charge, can be used while plugged in
- Compliance meter shows use, pressure, and chamber
- Gradient compression
- Easy-to-clean material
- Suggested HCPC: E0652 and E0667

ManaFlow 52 Full (Calibrated)	MFLOW52LEG

Surgical Bundles and Supplies

Surgical Bundles

Total Joint Bundle

Total Joint Bundle

This Total Joint Bundle is an industry first; this game-changing Bundle has everything your patient needs to recover from a surgery or injury.

Bundle contains:

- ManaEZ ROM Ice our cold compression device for pain, swelling, and range-of-motion control
- PlasmaFlow our Portable DVT prevention device
- ManaFlexx 2 our NMES/TENS device to prevent muscular atrophy

- Suggested HCPC: L1833, E0676, E0745

Product Name	Part Number
Total Joint Bundle	TJK001

Spine Bundle

Spine Bundle

The Spine Bundle is a game changer for the DME or surgeon to provide everything your patient needs for an improved post-op outcome.

Bundle contains:

- Tailback 2-50 our LSO support
- PlasmaFlow our portable DVT prevention device
- ManaFlexx 2 our NMES/TENS device to help prevent muscular atrophy

- Suggested HCPC: L0650, E0676, E0745

Product Name	Part Number
Spine Bundle	SK001

Ankle Bundle

Ankle Bundle

The Ankle Bundle is a game changer for the DME or surgeon to provide everything your patient needs for an improved post-op outcome.

Bundle contains:

- MAC Boot our pneumatic walker
- ManaEZ Ankle Ice our wrap-around ankle orthosis that has ice and compression for edema and pain relief
- PlasmaFlow our portable DVT prevention device
- ManaFlexx 2 our NMES/TENS device to help prevent muscular atrophy

- Suggested HCPC: L4361, L1902, E0676, E0745

Product Name	Part Number
Ankle Bundle	AK001

Hip Bundle

Hip Bundle

The Hip Bundle is a game changer for the DME or surgeon to provide everything your patient needs for an improved post-op outcome.

Bundle contains:

- ManaEZ ROM Hip Ice our range-of-motion cold compression wrap-around orthosis for edema and pain control
- PlasmaFlow our portable DVT prevention device
- ManaFlexx 2 our NMES/TENS device to help prevent muscular atrophy

- Suggested HCPC: L1686, E0676, E0745

Product Name	Part Number
Hip Bundle	HK001

Surgical Bundles *[continued]*

Shoulder Bundle

Shoulder Bundle

The Shoulder Bundle is a game changer for the DME or surgeon to provide everything your patient needs for an improved post-op outcome.

Bundle contains:

- Kahuna Brace our adjustable airplane shoulder support
- ManaEZ Shoulder Ice our wrap-around cold compression device for edema and pain control
- PlasmaFlow our portable DVT prevention device
- ManaFlexx 2 our NMES/TENS device to help prevent muscular atrophy
- Suggested HCPC: L3960, L3670, E0676, E0745

Product Name	Part Number
Shoulder Bundle	SHK001

Cervical Bundle

Cervical Bundle

The Cervical Bundle is a game changer for the DME or surgeon to provide everything your patient needs for an improved post-op outcome.

Bundle contains:

- ManaEZ Collar 80 our adjustable multi-post collar with mandibular and occipital support
- PlasmaFlow our portable DVT prevention device
- ManaFlexx 2 our NMES/TENS device to help prevent muscular atrophy and provide pain relief
- Suggested HCPC: L0180, E0676, E0745

Product Name	Part Number
Cervical Bundle	CK001

ManaMamma Maternity Bundle

ManaMamma Maternity Bundle

The ManaMamma Maternity Bundle is a game changer for the DME or provider to supply everything your patient needs for an improved outcome pre and postpartum.

Bundle contains:

- ManaMamma Maternity Back Brace – spinal orthosis for pendulous abdomen
- Three-In-One Belly Band – elastic abdominal and pelvic support system
- ManaFlexx2 – NMES/TENS unit with a pair of lead wires and electrodes
- ManaEZ Compression Socks – gradient compression sock

Product Name	Part Number
ManaMamma Maternity Bundle	MMB001

Surgical Supplies

Reddy Joint Bath

Reddy Joint Bath

CDC-approved method of wound lavage with our povidone-iodine solution for PJI and SSI

Features:

- Industry-leading wound lavage
- 3-minute soak time
- Certified sterile
- Bundle includes: 5 saline solution bottles, iodine packet, bowl, and prep tray

Product Name	Part Number
Reddy Joint Bath	MMJB001

Upper Extremity

Kahuna Brace

Kahuna® Brace

The Kahuna Brace is a universally-sized abduction sling and is applied to the left or right side.

Features:

- Multiple positioning options; the Kahuna malleable aluminum waistband with arm support allows for unlimited arm positioning including airplane splint
- Breathable material allows for optimal comfort
- Ideal for shoulder injuries and their positioning needs
- Universal sizing reduces your inventory
- Foam ball for enhanced circulation
- Step-down abduction pillow available for purchase

- Suggested HCPC: OTS L3999 or CF L3960

Product Name	Part Number
Kahuna Brace	KB001
Replacement Kahuna Pillow	KB001-P

Mini Kahuna Brace

Mini Kahuna® Brace

The Mini Kahuna Brace is a universally-sized abduction sling and is applied to the left or right side.

Features:

- The Kahuna Pillow is a standard black abduction pillow
- Pillow conforms to the body and is secured with a waist strap
- Breathable material allows for optimal comfort
- Ideal for shoulder injuries and their positioning needs
- Universal sizing reduces your inventory
- Foam ball for enhanced circulation

- Suggested HCPC: OTS L3999 or CF L3670

Product Name	Part Number
Mini Kahuna Brace	MKB001
Replacement Kahuna Pillow	KB001-P

ManaEZ Sling

ManaEZ® Sling

The ManaEZ Sling is a shoulder immobilizer and includes a waist strap.

Features:

- Soft low-profile cuff
- Soft padded shoulder strap for added comfort
- Waist strap ensures proper arm position
- Is used for mild sprains, strains, stable humeral fractures, and elbow injuries
- Sizes from Small to XXL
- Also available as a Universal size

- Suggested HCPC: L3670

Product Name	Part Number
ManaEZ Sling Small (12.4" x 6.3")	EZSL01S
ManaEZ Sling Medium (14" x 7")	EZSL01M
ManaEZ Sling Large (15.5" x 7.9")	EZSL01L
ManaEZ Sling Extra Large (17" x 8.6")	EZSL01XL
ManaEZ Sling Extra Extra Large (18.5" x 9.5")	EZSL01XXL
ManaEZ Sling Universal	EZSLUNI

ManaEZ® Humerus

ManaEZ® Humerus Universal

The ManaEZ Humerus Universal is used to stabilize humeral fractures while allowing protected motion of the arm. Features include a shoulder cap design, customizable lightweight plastic with breathable foam, and a universal left or right arm with adjustable straps that fit most arms.

Features:

- Shoulder cap design
- Lightweight and breathable
- Mold-able and trim-able
- Universal left or right arm
- Adjustable straps fit any size
- Closed-cell foam for easy cleaning

- Suggested HCPC: L3980

Product Name	Part Number
ManaEZ Humerus Universal	EZH3980

ManaWater Sling

ManaWater Sling

The ManaWater Sling is a waterproof arm sling that is used for maintaining arm position while bathing. Features include one-handed adjustment, universal left/right fit, and an adjustable wrist strap that fits any size.

Features:

- One-handed adjustment
- Lightweight and waterproof
- Adjustable wrist strap fits any size
- Can be worn on both right or left arms

- Suggested HCPC: L9900

Product Name	Part Number
ManaWater Sling	MWSLING01

ManoFX

ManoFX

The ManoFX is a wrist, hand, and finger orthosis. The unique design allows fractures of the hand and finger to be positioned for optimum healing. This innovative approach allows customization of the brace to be configured as a ulnar gutter splint (boxer's fracture), radial gutter splint, or a metacarpal fracture brace (buddy finger splint).

Features:

- Malleable aluminum stays
- Split dorsal stay
- Soft breathable body
- Wraparound design for customized fit

- Suggested HCPC: OTS L3809 or CF L3807

Product Name	Part Number
ManoFX Universal Size - Right	MANOFX-R
ManoFX Universal Size - Left	MANOFX-L

ManaEZ® Thumb Spica

ManaEZ® Thumb Spica

The ManaEZ Thumb Spica is a universal orthosis that includes a double speed-lacer closure.

Features:

- Low profile, high-quality, breathable material
- Three malleable thumb stays
- Palmer stay
- Lateral stay
- Radial stay
- Universally sized for left or right

- Suggested HCPC: OTS L3809 or CF L3807

Product Name	Part Number
ManaEZ Thumb Spica Universal Left	EZTS3809L
ManaEZ Thumb Spica Universal Right	EZTS3809R

ManaEZ® Wrist

ManaEZ® Wrist

The ManaEZ Wrist is a high quality, universal wrist orthosis. Single speed-lacer closure makes it easier for the user to self apply the brace.

Features:

- Low profile, high-quality, breathable material
- Palmer stay
- Dorsal stay
- Universally sized for left or right

- Suggested HCPC: L3908

Product Name	Part Number
ManaEZ Wrist Universal Left	EZW3908L
ManaEZ Wrist Universal Right	EZW3908R

Cabo® Elbow

Cabo® Elbow

This universal-fit range-of-motion elbow brace is a great alternative to casting or repetitive splinting. It treats any injury in which a limited range of elbow motion is desired.

Features:

- ROM hinge features flexion setting from 0-120 degrees and extension settings from 0-90 degrees
- Telescoping length
- Drop lock with three preset locking positions (0, 15, and 30 degrees)
- Lightweight design for comfort and ease of use
- Optional hand grip
- Adjustable straps for universal fit

- Suggested HCPC: OTS L3761 or CF L3760

Product Name	Part Number
Cabo Elbow Universal Left	CE001L
Cabo Elbow Universal Right	CE001R

Lower Extremity – Knee

ManaEZ® ROM Elite
ManaEZ® ROM Elite Short

ManaEZ® ROM Elite/ManaEZ ROM Elite Short

Features:

- ManaEZ ROM Elite has telescoping and malleable hinge bars extending from 16.5"–27" (42cm–68.5 cm)
- ManaEZ ROM Elite Short version offers a fixed length of 18"
- Hinge range of motion adjustment: Flexion (0° to 120°) and extension (0° to 90°)
- Drop lock offers the ability to control and lock the hinge motion to 0°, 15°, or 30°
- Lightweight, latex-free, and breathable material
- Easy application, universal size with quick-release buckles, and fits either left or right leg

- Suggested HCPC:
OTS L1833 or CF L1832

Product Name	Part Number
ManaEZ ROM Elite (Size Universal)	EZRE001
ManaEZ ROM Elite Short (Size Universal)	EZRS1833

ManaEZ® Hinged Knee

ManaEZ® Hinged Knee

The ManaEZ Hinged Knee is a convenient wrap-on hinged sleeve. The open popliteal feature allows for a comfortable fit.

Features:

- Internal hinges enhance medial and lateral support
- Condyle pads for improved fit and added comfort
- Wrap feature for easy on/off application
- High-quality Neoprene
- Open Popliteal

- Suggested HCPC:
OTS L2999 or CF L1820

ManaEZ® Tendon Strap

ManaEZ® Tendon Strap Universal

The ManaEZ Tendon Strap Universal is used to reduce tension on the patellar tendon.

- Low profile
- Neoprene strap
- Gel pad for compression
- Suggested HCPC: L1825

Product Name	Part Number
ManaEZ Tendon Strap Universal	EZTS01

EZOA

EZOA

The EZOA is a lightweight, low-profile, single-upright OA orthosis, ideal for moderate to severe OA.

- Adjustable varus/valgus for customized pain relief
- Butterfly adjuster allows for easy fitting without tools
- Non-slip liner designed for all-day support
- Universally sized but left or right specific
- Malleable cuffs for optimum support
- Suggested HCPC: OTS L1851 or CF L1843

Product Name	Part Number
EZOA Left Knee	OFF1L
EZOA Right Knee	OFF1R

GOAT

GOAT

The GOAT is a universally sized, low-profile, lightweight option for patients with mild to moderate knee OA.

- Butterfly varus/valgus adjustment, no tools needed
- One brace does medial and lateral offloading
- One size fits all
- Right and left specific
- Ideal for mild to moderate OA
- Breathable and low-profile neoprene
- Suggested HCPC: OTS L1851 or CF L1843

Product Name	Part Number
GOAT Left	GOATL
GOAT Right	GOATR

CaboKnee®

Cabo® Knee

The Cabo Knee is a dual-upright knee brace, used for support and protection during high-demand activities.

- Lightweight aluminum alloy
- Quick-fitting buckles
- Comfortable non-slip liner
- Suggested HCPC: OTS L1852 or CF L1845

ManaGO® 71

ManaGO® 71

The ManaGO 71 provides three different levels of support in one brace. The unique design allows components to be removed as the patient's condition improves. In its extended gauntlet configuration, the ManaGO 71 provides maximum protection for ankle sprains and Syndesmosis injuries. The gauntlet and hinge stirrup with footplate captures the entire ankle mechanism. Removable upper cuff and hinge stirrup with footplate can be removed as recovery improves.

Features:

- Speed lacing ankle foot brace that extends to boot height on the calf
- Interlocking plastic plates and hinge assembly
- Figure-eight strapping

- Suggested HCPC: L1971

ManaEZ ROM Ice Pack	EZR001-IP
ManaEZ ROM Ice Extension Strap	EZROMEXT

ManaEZ[®] Hinged Ice

ManaEZ[®] Hinged Ice

The ManaEZ Hinged Ice is a quick-fitting, universally sized, poly-centric hinge orthosis which is ideal for patients who need medial/lateral support without ROM control.

Features:

- Medium-density foam structure with hinges
- Universally sized wrap-around feature for easy on/off application
- Open popliteal
- Pneumatic compression technology for edema and pain control – enhances cryotherapy
- Includes 2 flexible ice packs for up to two hours of cold therapy, helps ensure successful patient compliance

- Suggested HCPC: L1820

Product Name	Part Number
ManaEZ Hinged Ice	EZHICE

ManaEZ[®] Ankle Ice

ManaEZ[®] Ankle Ice

The ManaEZ Ankle Ice is an ankle gauntlet that controls edema and pain with ice and compression.

Features:

- Pneumatic compression technology for edema and pain control – enhances cryotherapy
- Includes 2 flexible ice packs for up to two hours of cold therapy, helps ensure successful patient compliance
- Easy to apply strap closure
- Anterior closure allows for easy application
- Universally sized for left or right ankle; latex-free

- Suggested HCPC: L1902

Product Name	Part Number
ManaEZ Ankle Ice (Size Universal)	EZANKLE01

Braces with Ice and Compression *(continued)*

ManaEZ[®] Shoulder Ice

ManaEZ[®] Shoulder Ice

The ManaEZ Shoulder Ice is a shoulder orthosis with a medium-density foam structure, which holds the shoulder in place while providing edema and pain relief with ice and compression.

Features:

- Pneumatic compression technology for edema and pain control – enhances cryotherapy
- Includes 2 flexible ice packs for up to two hours of cold therapy, helps ensure successful patient compliance
- Easy to apply circumferential thoracic and bicep straps
- Universally sized for left or right shoulder; and latex-free

- Suggested HCPC: L3670

Product Name	Part Number
ManaEZ Shoulder Ice	EZSHLD

ManaEZ[®] Ice Wrist

ManaEZ[®] Ice Wrist

The ManaEZ Ice Wrist brace provides wrist stabilization with the additional benefit of an ice pack and compression system to reduce pain and swelling. The compression is adjustable by the user. Ideal for wrist sprains, wrist surgeries, and instability of the wrist.

Features:

- Removable and malleable palmer stay
- Pneumatic compression technology for edema and pain control – enhances cryotherapy
- Includes 2 flexible ice packs for up to two hours of cold therapy, helps ensure successful patient compliance
- Universally sized for left or right

- Suggested HCPC: L3908
